OPTISMART #0412

PRODUCT DESCRIPTION:

OptiSmart...used by special forces in Afghanistan 2002 - 2003 "OptiSmart is the best wipe I've ever used to clean my night vision goggles," by SFC Timothy McFadden, US ARMY

OptiSmart SmartWipes® are woven of soft, microscopic, ultra fine polyester fibers, 1/200 the diameter of a human hair. This weave enables it to scoop up and trap oil and dirt between its super sharp knife-like fibers. OptiSmart safely cleans finger smudges, dirt, oil, and other contaminants from delicate optical surfaces. It will not smudge, scratch or smear as it cleans. It can be used either dry or with solvents, and can be laundered without any loss of cleaning ability.

OptiSmart wipes are ideal for cleaning camera lenses, glasses, sunglasses, microscopes, telescopes, and other visual instruments. They are perfect for cleaning LCD, Plasma, and Touch-screen panels, as well as cell phone displays, because they trap skin oils left from finger prints, and will clean without the need for liquid solvents.

OPTISMART #0412

PHYSICAL PROPERTIES:

WEIGHT (oz/yd ²)	THICKNESS (inches)
4.1	.012

Note: Additional technical data is currently being processed

PACKAGING:

SIZE	WIPES PER PACKAGE	PACKAGES PER CASE
8" x 8"	100	1

CASE WEIGHT & DIMENSIONS:

WEIGHT	DIMENSIONS
2 lbs	10" x 8" x 7"
